Meeting Minutes – 7 March 2025

Time : 2:00PM-3:00PM

Location : Sheppard Library

Attendees

Role	Name	Present
Scrum Master	Yug Patel	✅
Secretary	Noopur Patel	✅
Developer 1	Atharva Garud	✅
Developer 2	Dev Patel	✅
Tester	Mahmudul Saif	✅

1. Agenda

- Bulk-load text-file format (ID|Patient|Dentist|Date|Desc)
- Input validation (no numbers in names, date ≥ today)
- Write FileIntegrationTests

2. Discussion

- Decide log and continue on malformed lines, show yellow warning in UI.
- Validate that patient/dentist names match ^[A-Za-z]+$.
- In tests create temp files with valid vs malformed lines.

3. Decisions

- Dev2 implements parsing + add regex checks in AddAppointment().
- Tester complete FileIntegrationTests.cs.
- Dev1 adjusts nextAppointmentID logic in the loader.

Meeting Minutes – 17 March 2025

Time : 12:00AM-1:00PM

Location : Sheppard Library

Attendees

Role	Name	Present
Scrum Master	Yug Patel	✅
Secretary	Noopur Patel	✅
Developer 1	Atharva Garud	✅
Developer 2	Dev Patel	✅
Tester	Mahmudul Saif	✅

1. Review Topics

- Bulk-load working end-to-end
- FileIntegrationTests passing
- Name/date validations tested

2. Feedback Summary

- On invalid input: display error and re-prompt instead of bouncing to the main menu.
- Add blank lines ("spacers") between prompts for readability.
- Ensure BST remains consistent after file load.

3. Agreed Changes

- Dev1 wraps each prompt in a loop until valid (or "back").
- Dev2 injects blank Console.WriteLine() between inputs.
- Testers add performance tests for large file loads.
